

Buy the only car whose sales equal the combined sales of any other three cars in its field

Demand for Buick has increased at such a remarkable rate that Buick sales equal the combined sales of any other three cars in its field.

What better testimonial to Buick value than this? What more convincing evidence that Buick, of all cars at or near its price, best measures up to the world's conception of what an automobile should be?

Buick's vibrationless six-cylinder Valve-in-Head Engine—most powerful engine of its

size in the world—the Buick Sealed Chassis, and a score of other exclusive features explain Buick's popularity.

The world-wide preference for Buick is your guarantee of satisfaction. Choose the car which outsells any other three cars in its field.

"Chevrolet 'Snow Boat' Braves Alaska Drifts"

Snowshoes and dog teams were too slow a means of transportation for this pioneer miner in negotiating the 400 miles between Chitina, Alaska, and Fairbanks, near the Arctic Circle. By mounting the wheels of his Chevrolet on skis and linking the paddle-wheel propeller onto the rear wheels of his car, he quickly covers snow of any depth. Loss of life might easily result on the 400 mile trip were his rugged engine to fall him.

New Chevrolet Assembly Plant at Kansas City

To Turn Out 350 Cars a Day Similar to Atlanta Plant

Marking the latest step in a movement to keep pace with the growing demand for its product, the Chevrolet Motor Company announced this week that construction will start shortly on a mammoth Chevrolet assembly plant in Kansas City. This follows closely on the opening of a similar plant in Atlanta to serve the Southwest. When completed in October, the Kansas City plant will be the largest automobile factory in the Southwest and will represent an investment of more than \$2,250,000. Like the Atlanta plant, the Kansas City factory will have a capacity of 350 cars a day, providing Chevrolet with facilities for the production of more than 1,250,000 cars annually. The new factory will serve western Missouri, Kansas, North and South Dakota, Wyoming and Colorado. W. S. Knudson, president of the Chevrolet Motor Company, declared that the opening of a plant in Kansas City has been made necessary to relieve the St. Louis and Jacksonville factories where the demand has been taxing production facilities and making it necessary for both plants to work overtime for the last three months. It is a further step in the company's program to insure a regular flow of cars in line with the exceptional public demand, he said.

Tired to death running to the store!

Ask Him

ICE will keep all of your foods better and longer than any other method. The ice salesman who serves you has intensively studied the simple methods used to get full value from ice refrigeration. Ask him for your copy of the little booklet entitled "Getting Your Money's Worth," which explains how to store all foods in your Ice Refrigerator.

THIS HOUSEWIFE who is "Tired to Death Running to the Store," uses the refrigerator of her Meat Dealer and Grocer to keep many of her foods until meal time. Then she either goes herself or sends some member of the family for them.

Happily, there are fewer and fewer housewives "Tired to Death Running to the Store." The modern housewife buys two or three days' food supply, at one time—stores them in her Ice Refrigerator. In the modern way—keeps them just as fresh and nice as the grocer—and saves enough by purchasing "three for ten cents" against the "one for five," and similarly, to more than pay the cost of ice.

Still more important, she saves nerve-strain, labor and time, which she can devote to recreation, child-rearing, rest, or self-improvement.

If you have a good Ice Refrigerator, use it every month in the year for the labor-saving, money-saving service it provides. If you are without an Ice Refrigerator, we will gladly advise you regarding the selection of an efficient one—and its maintenance and proper use.

but still on earth. It is said that the only reason congressional speeches are not broadcasted, is because they couldn't be distinguished from static; still there's no reason why adults shouldn't have something to induce slumber the same as bed time stories lull children to sleep. There's no reason why your home too cannot boast the best lulling. It costs no more ultimately. Simply phone us for estimates and let us show you how home convenience and sanitation may be improved.

Old World Charm in French Rural Home

Because of price fluctuations and varying conditions in different localities, it is impractical to set an inflexible figure on the cost of constructing the house pictured above. However, the Pioneer Paper Co., Los Angeles, Calif., will furnish an accurate estimate of the cost on request. Please refer to Plan No. 8. Designed by John P. Jones.

THE charm of the old world is artistically combined with the modernity of the new in this typical little French rural home. Two stories and five well arranged rooms are provided at a very reasonable cost. The gay roof of multi-colored shingles adds to its native beauty and economy.
